

Brandywine Valley Christian PRESCHOOL

Two-year-olds through 3/4 day Kindergarten

Wondering how Covid-19 affects the preschool environment?

ALL teachers/ staff wear face coverings during the school day. Masks are currently optional for students through PreK; however, due to DE state regulations, they are required for our K friends.

We are sanitizing surfaces and washing hands throughout each day. And we utilize professional-grade cleaning products at the end of each day.

Our Covid-19 procedures have thus far been effective in mitigating the spread in the school.

Schedule a tour today to learn more about our additional Covid-19 precautions.
