

Genesis 11:1-9 (New International Readers Version)

<sup>1</sup>The whole world had only one language, and everyone spoke it. <sup>2</sup>They moved to the east and found a broad valley in Babylon. There they made their home.

<sup>3</sup>They said to one another, "Come on! Let's make bricks and bake them well." They used bricks instead of stone. They used tar to hold the bricks together.

<sup>4</sup> Then they said, "Come on! Let's build a city for ourselves. Let's build a tower that reaches the sky. We'll make a name for ourselves. Then we won't be scattered over the whole earth."

<sup>5</sup> But the LORD came down to see the city and the tower the people were building. <sup>6</sup> He said "All these people are united and speak the same language. That is why they can do all this. Now they will be able to do anything they plan. <sup>7</sup> Come on! Let us go down and mix up their language. Then they will not be able to understand one another."

<sup>8</sup> So the LORD scattered them from there over the whole earth. And they stopped building the city.

<sup>9</sup> There the LORD mixed up the language of the whole world. That's why the city was called Babel. From there the LORD scattered them over the whole earth.
